We acknowledge with thanks the financial assistance received for the printing of this book from the Department of Culture, Ministry of Human Resources Development, Government of India and the University of Kerala.

FOREWORD

The Oriental Research Institute and Manuscripts Library is an Institution under the University of Kerala for the collection, preservation and publication of old palm-leaf manuscripts and ancient works. It was started as early as 1908. There is now a collection of about 60,000 works in Sanskrit, Malayalam, Tamil and other languages. Additions are made by periodical collections from various parts of Kerala.

We are now publishing the fifth volume of the Alphabetical Index of Sanskrit Manuscripts (Supplementary) in the Library. The first volume was published in 1957 and covered manuscripts in the alphabetical order A to Na (अ - ण). It contained information on 6079 works in Sanskrit. The second volume was published in 1965. It carried the work forward from Ta to Ma (त - म) leading the serial number to 14059, that is to say it contained information on 7908 works. The third volume was published in 1984 containing description of works from Ya to Sa (य - ष) numbering 19312. The fourth volume was published in 1986. It contained information on 2218 works beginning with the alphabets Sa and Ha (स - ह) leading the serial number to 21530.

Now we are taking up the publication of the supplementary list and this volume viz., the fifth contains information on 4643 works taking up the series to 26173. With the publication of two more volumes we hope to present before the indologists a complete list of the sanskrit manuscripts in our Institution.

The press matter was prepared by Dr. K. Visweswari Amma (Senior Research Officer), Dr. P. Visalakshy and R. Girija (Assistant Research Officers) based on drafts made by research officers now retired from service. The work of seeing through the press was mainly done by Dr. K. Visweswaraj Amma under my guidance. I am thankful to all of them.

FOREWORD

The Oriental Research Institute and Manuscript Library is an institution under the University of Kerala for the collection, preservation and publication of old palm-leaf manuscripts and ancient works. It was started as early as 1903. There is now a collection of about 60,000 works in Sanskrit, Malayalam, Tamil and other languages. Additions are made by periodical collections from various parts of Kerala.

We are now publishing the fifth volume of the Alphabetical Index of Sanskrit Manuscripts (Supplements) in the Library. The first volume was published in 1957 and covered manuscripts in the alphabetical order A to Ha (a-z). It contained information on 6079 works in Sanskrit. The second volume was published in 1962. It carried the work forward from Ta to Ma (t-m) leading the serial number to 14023. It is to say it contained information on 7904 works. The third volume was published in 1964 containing description of works from Ya to Sa (y-s) numbering 19312. The fourth volume was published in 1966. It contained information on 1214 works beginning with the alphabet Sa and Ha (s-h) leading the serial number to 21230.

Now we are taking up the publication of the supplementary list and this volume viz., the fifth contains information on 4613 works taking up the series to 26113. With the publication of two more volumes we hope to present before the reader a complete list of the Sanskrit manuscripts in our institution.

The press matter was prepared by Dr. K. Visweswari Amma (Senior Research Officer), Dr. P. Visalakshi and R. Gopin (Assistant Research Officers) based on details made by research officers now retired from service. The work of setting through the press was mainly done by Dr. K. Visweswari Amma under my guidance. I am thankful to all of them.

SCHEME OF THE WORK

The scheme of the work is almost similar to that followed in the Alphabetical Index of Sanskrit Manuscripts in the Government Oriental Manuscripts Library, Madras. Every effort has been made to give adequate information concerning each manuscript. In fact many details which are generally found only in the Descriptive Catalogues are incorporated in this Index.

The first column shows the serial number of the manuscripts and it enables one to see the total number of manuscripts in our collection. In the next column the number affixed to each manuscript in our collection is given which enables one to take out the manuscript from the library shelves. If a codex contains more than one work it is indicated by giving A. B. C. etc., at the right hand side of the number of the manuscript. In the next two columns the title of the work is given in the Sanskrit alphabetical order in the Devanagari and Roman scripts. The name of the author of the work or of the commentary or both are noted in the next column. Where the author or commentator is not known a short line is given in that particular row. The subject of the work is given in the sixth column. For clarity the works have been classified under different subjects such as Veda, Vedalakṣaṇa, Mantra, Upaniṣat, Tantra, Purāṇa, Itihāsa, Srauta, Srautaprayoga, Gṛhya, Gṛhyaprayoga, Dharma, Sānti, Māhātmya, Vrata, Bhakti, Sikṣā, Vyākaraṇa, Nirukta, Chandas, Jyotiṣa, Vaidyaka, Vedānta, Nyāya, Yoga, Mimāṃsa, Kāvya (Prākṛtakāvya, Campukāvya), Nāṭaka, Alankāra, Nāṭyaśāstra, Kāmaśāstra, Niti Silpa, Gīta, Kośa, Stotra, Subhāṣita, Sāmudrika and Vividha. In the next column the number of granthas in each work is given. The script, material and extent of the work are noted in the next three columns. We have in our collection manuscripts in various scripts such as Devanāgarī, Nandināgarī, Malayalam, Tamil, Telugu, Grantha, Canarese, and Bengali. The material of the manuscript is either palm-leaf or paper. There are many works which are incomplete, fragmentary or complete. The remarks column gives details connected with the manuscript such as condition of the codex (whether old, worm-eaten or damaged), availability in other South-Indian libraries, date of copying the manuscript as found in the colophons etc., the number allotted to the work in the Descriptive Catalogue of Sanskrit or Malayalam Manuscripts in this Library where more details of the work can be referred to easily.
